

European City and Regional Consumer Spending Forecasts

European City and Regional Consumer Spending Forecasts provide detailed data on consumer spending and forecasts for over 1,700 cities and regions across Europe. The regularly updated annual forecasts are consistent with our existing European City and Regional economic forecasts and our global macroeconomic projections

Service Features

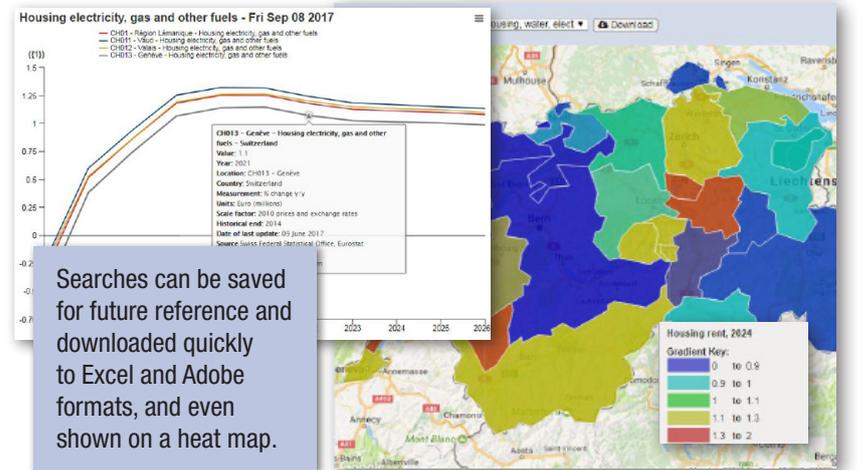

- Coverage of NUTS 1, 2, and 3 regions in the EU27, plus Norway and Turkey.** The service brings together comprehensive data and forecasts across 26 countries, including major regions and cities across Europe and the UK.
- Extensive data by location.** The service provides annual data and forecasts for over 40 'COICOP' spending categories; see reverse for detailed breakdown.
- Fifty years of data.** We provide historical data from 1980 where possible and forecasts out to 2035 for all regions.
- Advanced analytical functions.** Our web-based databank allows users to quickly build custom queries with complete flexibility and view the data in tables, charts, and maps.
- Economist support.** We offer full support to clients to answer questions about our data or forecasts.
